ANNEX 2 – UKELA’S PUBLIC POSITION STATEMENT ON BREXIT, JULY 2016

1. UKELA considers it imperative that the UK’s current environmental legislation is preserved pending proper review, full and open consultation on options for change and the involvement of Parliament as far as possible.

2. UKELA considers preservation is critically important in order to ensure ongoing compliance with international law and applicable EU law, regulatory stability and continued protection of the environment.

3. UKELA considers that the level of environmental protection, and the ability of citizens to participate in environmental decisions and take action in the courts where necessary, must not be diminished by any future changes to domestic legislation.
4. The development of a post-Brexit framework of environmental legislation presents a unique and critically important opportunity for the UK Government and devolved administrations to explore ways of improving and strengthening environmental regulation.

5. UKELA will ensure that the UK Government, devolved administrations and regulators are aware of the immense body of legal expertise within the association that may be employed to assist with the next steps.

ANNEX 3 – UKELA’S EXPENSES POLICY

Travel expenses – this policy applies to paid contractors, staff and volunteers including Council members and speakers at UKELA events.

UKELA is grateful to its paid contractors, staff and volunteers who have to travel on UKELA business. It is not the intention of UKELA that contractors, staff or volunteers should be out of pocket whilst carrying out travel on behalf of the organisation. However, UKELA is a charitable organisation with limited resources so we cannot support more than modest claims for out of pocket expenses.

Reasonable expenses for travel will be met and should be claimed as soon as possible after they have been incurred, on the standard claim form. All claims for expenses must be made within 3 months of having been incurred unless the Treasurer makes an exception for special circumstances. Any expenses claims submitted outside the specified time shall be liable not to be reimbursed.

UKELA encourages its paid staff, contractors and volunteers to travel by public transport, bicycle or on foot whenever possible. If private car, van or motorcycle use is essential for UKELA business, the rates in force (from 1 January 2008) are:

Cars 40p/mile – if one or more passengers are carried on UKELA business the rate is increased to 40p a mile.

Bicycles 22p/mile

Motorcycles 26p/mile

These rates are reviewed annually by the Trustees.

Second class, pre-booked at the lowest rate available, train travel will be regarded as reasonable expenditure and it is recommended that contractors and volunteers use this method of travel as a first choice for environmental reasons. Plane travel for journeys of more than 370 miles one way are acceptable provided no other method of travel is practical and will be regarded as reasonable expenditure provided it is an advance booking at the lowest possible cost.

Trustees attending UKELA Council or Executive Committee meetings may claim for expenses on the basis above. If a member wishes to bring an extra benefit to UKELA they can “claim” the expenses and then return them as a donation, to which Gift Aid applies. This cannot be done if the expenses have been covered by your firm.

Overnight stays on UKELA business are required for both trustees and staff on occasion. Any overnight stay must be entirely related to UKELA business (eg a UKELA meeting one day followed by one the next or a very early start if the individual has to travel from far away). The cost of the stay must be agreed in advance with the Treasurer and is not expected to exceed a reasonable cost (which may vary depending where it is but Travelodge or Premier Inn standard should be considered the benchmark).

If anyone is in doubt about what constitutes reasonable expenditure the Treasurer or Chair should be consulted before any booking is made.
